- Walkways / Gangways
- Containers
- Engine Rooms / Machinery Spaces
- Construction Equipment

Benefits

- Standard Colours
- Excellent High Traction
- Indoor and Outdoor Use
- Prevents Slips, Trips and Falls
- Quick and Easy Installation

Seaward Safety's Anti-slip Grip Tapes can be applied to all types of flat surfaces, including plastics, steel, wood and concrete. It is quick and easy to install and, due to its coarse grade finish, provides an instant non-slip surface.

Applying specialist abrasive materials to a self-adhesive UPU substrate carrier/backing, our coarse grade Anti-slip Grip Tapes are extremely hardwearing & durable - suitable for both internal and external applications, within a temperature range of -30°C to +60°C.

Typically supplied in rolls, we offer a range of standard sizes and colours, including photoluminescent (glow in the dark) and various safety/hazard identification markings.

Standard Roll Sizes

Metric	Imperial
25mm x 18.3m	1" x 60'
